| NEW DATES  | TOURNAMENT INFORMATION  |                 | NEW DATES   |
|--|---|-----------------|---|
| <b>Soloway Knockouts</b>                               | Soloway Knockouts are two-day KOs consisting of no more than 8 teams in each bracket which start with a round robin Swiss the first day. The 4 surviving teams play head-to-head matches the second day with the losers playing for 3rd place rather than tying for 3/4, as is the case with regular two-day KOs. So everyone is in the KO for the entire first day, and the teams that survive until the second day are in the KO for the entire second day. The teams finishing in 4th place are guaranteed an overall award. |                 |   |
| <b>Intermediate / Newcomer</b>                         | <b>Intermediate/Newcomer</b> games are scheduled Tuesday through Saturday. Stratification is by average masterpoints but no player may have more than 300. Stratifications are 0-50, 50-100, and 100-300, as attendance warrants.   |                 |   |
| <b>Gold Rush</b>                                       | <b>Gold Rush</b> Pairs games are scheduled Monday, Wednesday, Friday and Saturday. No player may have more than 750 masterpoints. The Tuesday, Thursday and Sunday Bracketed Swiss games are perfect for these players.   |                 |   |
| <b>Side Games</b>                                      | There are three series of Side Games: Tuesday through Thursday daytime; Friday and Saturday daytime; and Tuesday through Friday evening. To earn gold points in Side Games, players must play in at least two sessions of the same series. Stratifications are (C) 0-750; (B) 750-3000; and (A) 3000+ as attendance warrants.   |                 |   |

| <b>Bracketed Swiss Teams</b>                           | The teams are divided into two or more brackets based on the average masterpoints of each team. Each bracket is a separate event with its own masterpoint awards. The purpose of bracketing is to establish groups within which each team is competitive.   |                 |   |
